

BIBLE BOWL 2011

BURNS CHURCH OF CHRIST

STUDYING REVELATION IN 2011

Bible Bowl 2011 marked the sixth time Burns has participated in Sycamore Church of Christ's annual Bible Bowl in Cookeville, Tennessee. Our young people always work hard and learn well, and this year was no exception!

In-class test on Wednesday night

Revelation made for an interesting and rewarding study. We met during Sunday School, an hour-and-a-half before services on Sunday night, and during our Wednesday night Bible Study hour. We spent more than 450 man-hours in classes taking more than 10 tests, completing nearly 100 worksheets each, listening to recordings of Revelation, and watching teaching videos. **Butch Jack, Stan Whitfield, John Gabriel, and Matthew & Leslie** helped conduct the class sessions.

This year we had six Rookies and one "distance rookie." This was the first Sycamore Bible Bowl for **Brice Petty, Stephen Petty, Drake Eleazer, Marcus Eleazer, Kassidy Jones, and Reilly Jones**. Marcia's granddaughter **Hannah Klein** also studied from a distance. We took a total of **15** students to Cookeville this year.

Syvanna Gabriel was recognized as a 5-year veteran this year!.

AWARDS

Retiring Senior:

David Jack (6 years)

High Score (90+)

Kaiya Gabriel (91)

Syvanna Gabriel (91)

Leighann Jack (93)

David Jack (95)

WINNERS

David and Leighann Jack

Destiny, Kaiya & Syvanna Gabriel

Stephen and Brice Petty

Kassidy and Reilly Jones

Emmy Estes

Myka and Lexa Endsley

Bridgett, Drake & Marcus Eleazer

HOW'D WE DO?

If you're looking for a one-word answer, I'd go with GREAT!

Our highest scoring senior team was about three questions away from making the Sweet Sixteen. If local

competition is your thing, they tied with White Bluff's best scoring team.

Revelation was a tricky subject. There were so many details to learn: the numbers of the bowls and trumpets,

the minerals of the foundations of the four-square city, the color of the horses and their riders, the churches of Asia, and the descriptions of the Son of Man. We're already warming up for next year!
